RECENT WORK EXPERIENCE

Frontend Engineer, **Learnium AI** JAN 2024 - Present

- Presently employed as a Frontend Engineer
- Proficient in utilizing a contemporary technology stack comprising Next.js, TypeScript, React Query, and Tailwind CSS to develop intuitive and high-performance dashboards and web pages that effectively communicate data through clear and informative charts

Frontend Engineer, **Homesilo** APR 2021 - JUN 2023

- Collaborated closely with backend engineers and product designers to develop intricate web applications.
- Built responsive user dashboards, and system admin panels, and seamlessly integrated a native blogging system.
- Enhanced web page optimization for SEO, leading to a notable surge of over 200% in both traffic and leads.
- Oversaw the integration and management of the marketing suite, encompassing Google Analytics, Search Console, and Hubspot, while driving impactful digital marketing campaigns that notably elevated website traffic and user interaction.

Web Developer, **AG Consulting** SEPT 2021 - OCT 2022

- Revamped the agency website utilizing WordPress, HTML, and CSS, enhancing user experience and markedly elevating user engagement.
- Crafted effective marketing funnels for various clients, incorporating tailored social media advertisements, personalized landing pages, and in-depth analytics monitoring. This strategic, data-centric method yielded successful marketing endeavors with quantifiable outcomes.

Web Developer, **Intodoors LLC** NOV 2019 - AUG 2020

- Designed a user-friendly real estate marketplace with WordPress, Elementor, HTML & CSS
- Integrated MLS/IDX for seamless property listing on the platform.
- Leveraged SEO and digital marketing expertise to enhance the platform's visibility and user engagement.

Web Consultant, **Fiverr** DEC 2016 - JAN 2021

- Successfully completed over 70 web development and digital marketing projects on Fiverr.
- Achieved a remarkable 99% client satisfaction rating, supported by over 68 5-star reviews on Fiverr.
- Catered to clients spanning three continents.
